

Please note:

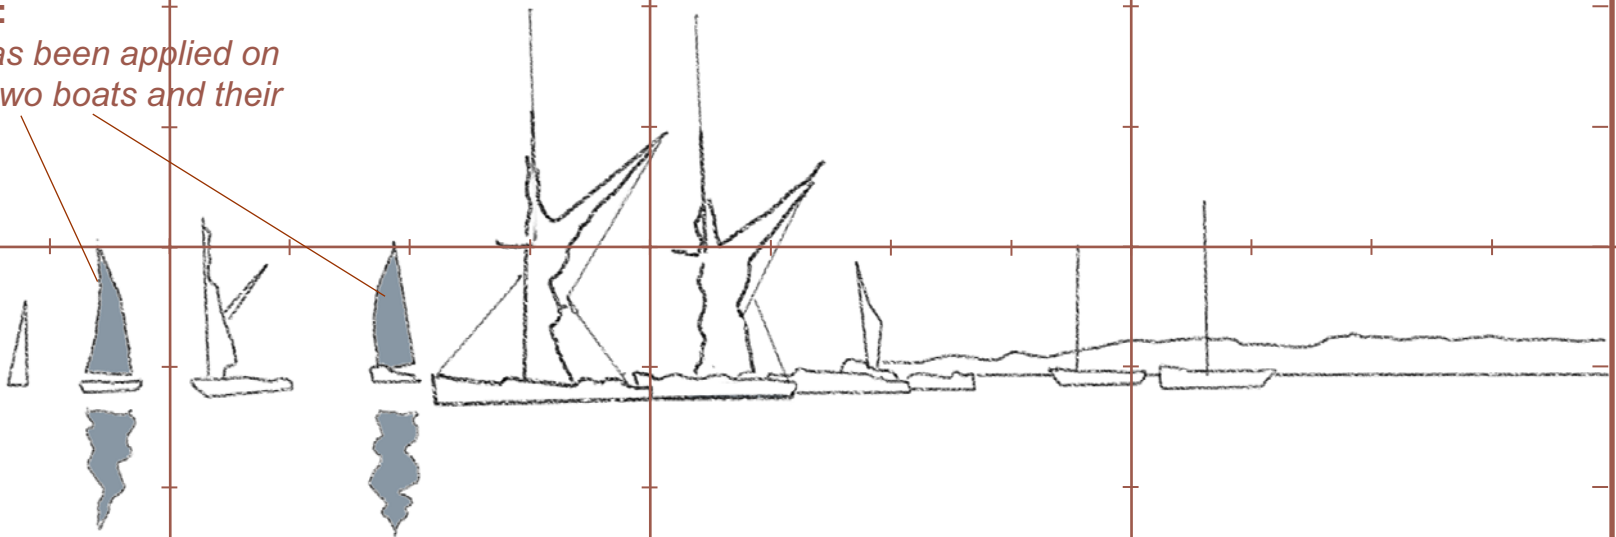

grid-lines should be drawn very faintly, especially those in the sky.
Do not erase grid-lines until after your painting is finished. To do so beforehand will cause the watercolour wash to leave dark lines where the eraser has distressed the paper's surface.

Further note:

As these grid-lines will not be used, they need not even be drawn

Masking notes:

Masking fluid has been applied on the sails of the two boats and their reflections.

*Title: boats and calm water.
Date - Sep. 2009*
