BRUSHES:

Brushes by Rosemary & Co. (Highly recommended)
Size 8: series 301 - Round Point : £3.30
Size 12: series 301 - Round Point : £6.20
Size 4: series 344 - Designer point : £2.50

PENCILS: PALETTES: WATER CONTAINERS: etc.

Good quality **pencils** are recommended, a 1B or HB initially. Keep the point sharp and use the minimum of pressure to achieve a clearly visible line, that can easily be erased by gently dabbing with **BLUE-TACK.** A putty rubber can be used to erase pencil lines, only AFTER the painting is complete.
A **ruler** *(minimum 12")* will be necessary when drawing grid lines.
Two water **containers** for washing brushes are far better than just one.
Palettes to mix your colours in, are an essential part of any artists kit, there are a wide variety of types, both porcelain and plastic.
A **board** (approx. 12" x 16") to support your paper and **masking tape or bulldog clips** to attach it with.
A board support or **easel** is very useful, an instruction sheet for an *easy-to-make* cardboard easel is available. You will also find there are times when a **kitchen-roll** will be very useful.
